Jefferson, WI 53549-1701

Trees come in bundles of 25. Payment is due at the time of order. Include this form with payment. All sales are final. No refunds will be given. We are not responsible for viability of trees.

Cut Here

## Please Note:

There are a limited number of trees available. Trees will be reserved with paid and completed order forms on the date in which they are received. So place your order soon!

Minimum order for any one species is 25 trees. All orders must be in multiples of 25 (50, 75, 100, etc).

We are required to collect 5.5% sales tax on all trees sold. Please include this in your calculations. ***If you are tax exempt, a signed exemption form must be included with the order.***

Trees need to be picked up promptly on the pickup dates to help ensure viability of trees. Trees not picked up on pick-up dates will be disposed of and refunds will not be given.

## Jefferson County Land & Water Conservation Department

# 2015/2016 Annual Tree Sale

(920) 674-7110

## Tree Details

**2-3 Fraser Fir** - Often referred to as the Cadillac of Christmas trees. Has an excellent fragrance and exceptional needle retention. Likes cool, moist, well drained soil. Full to partial sun. Will not do well in heavy, wet clay soil. **12 - 16" \$30**

**2-2 Red Pine** - Grows over 35'. Rapid growing tree with long, glossy-green needles. Has many uses: timber, windbreak, ornamental, and Christmas tree. Does well in sandy soil. **7 - 15" \$30**

**2-2 White Pine** - Grows over 35'. Vigorous growing, open tree with long, soft, bluish-green needles. Used in ornamental plantings. Tolerates shade and grows well in sandy and other soils. **7 - 15" \$30**

**2-2 Colorado Blue Spruce** - Grows over 35'. Densely formed tree with stiff silvery-blue to bluish-green needles. An excellent ornamental and background tree. Thrives in dry, well-drained soil. **12 - 16" \$30**

**2-3 Eastern Arborvitae (White Cedar)** - Height of 30-40', width 10-15'. Fan-like glossy leaves provide year-round color. Forms a wind tight barrier when used for screening or as hedging. Prefers heavy damp areas, but adapts well to other soil types. **12 - 16" \$30**

**Dogwood-Silky - 2 Yr Seedling** - A native shrub. Grows 6 - 8' high with its leaves silky to the touch beneath. Flowers are white, fruit blue. Hardy everywhere. **12 - 24" \$30**

**Hazelnut - 2 Yr Seedling** - Small shrub often in clumps reaching 12' in height. Edible brown nuts. Grows best in moist, well-drained soils but will adapt to most types of soils. Full sun or partial shade. Attracts wildlife such as deer, grouse, turkeys, pheasants, and quail. **12 - 18" \$30**

**Burr Oak - 1 Yr Seedling** - Tolerates a variety of soil conditions. Prefers full sun, offers dense shade, acorns are a food source for wood ducks, wild turkeys, and white tailed deer. Leaf color is dark green in summer and yellow to yellowish-brown in fall. Height 70 - 80'. **12 - 18" \$30**

**Serviceberry-Juneberry - 1 Yr Seedling** - Grows 3 - 18'. Adaptable to most soil types with exception of poorly drained or heavy clay soils lacking organic matter. Small to medium suckering shrub that bears white flowers followed by edible fruit in June-July. **12 - 18" \$30**

**Pick up will be mid to late spring at the Jefferson County Fairgrounds. Postcards will be sent to notify customers of pick up dates and times.**

## Tree Information

2-2 or 3 refers to the age of the tree. Each tree spends 2 years in a seedling bed and 2 or 3 years in a transplant bed. This pertains to all of the evergreens. The deciduous trees are seedlings and their ages are indicated.

The measurements are approximate. The size of the trees will vary depending on the weather conditions during the growing season.

Please be sure to plant your trees as soon as possible to help viability. If unable to plant right away, keep trees in a cool, dark place such as a garage floor. Keep roots moist but do not submerge.

Tree spades are available for a small refundable deposit fee.
